Jun 2010 – Mar 2012	Ignis Aerospace & Design	SQA Analyst — Boeing; AS9100 Rev C & certification support
Mar 2006 – May 2009	RelQ / EDS (HP)	SQA — Sony Multimedia; reviews, audits & CAPA

Page 1 of 3 — Executive summary. Detailed experience continues on the next pages.

Mphasis — Senior Lead SQA**Jun 2024 – Present****Domain:** Insurance · Delivery Excellence / Process Governance · Bengaluru

- Lead engagement startup governance: risk scoring, SOW/SLA review, kick-offs, iPG onboarding, and weekly DE cadence.
- Run monthly process health checks, PCI/health scoring, Early Warning Risk (EWR) tracking, and Ticket Quality Audits.
- Facilitate RCA/CAR using 5 Whys, Fishbone, Pareto, and ANOVA; drive corrective/preventive action closure with SEPG.
- Prepare projects for CMMI assessments and ISO audits; coach PMs through mock audits and artefact readiness.
- Govern metrics & QPPO submissions, PMR/GTG recovery for RED/AMBER projects, MMR packs, and CSAT SIP evidence.
- Enable teams through SPEED/iPG training, process deployment, and Train-the-Trainer rollouts.

Impact: Strengthened audit-ready governance and early-risk visibility across insurance delivery engagements.**Alphaserve Technologies (Eze Castle Integration) — Senior Lead SQA****Jul 2019 – May 2024****Domain:** Healthcare Application Services · India & USA time-zone support

- Acted as Process Consultant / Agile coach; defined and refreshed QMS processes for ISO-aligned delivery.
- Embedded Agile ceremonies (grooming, planning, stand-ups, burndown reviews) with stage-gate maturity assessments.
- Executed work-product compliance audits and tracked utilization, timesheet, SOW, and invoice hygiene.
- Supported SOC 2 compliance audit readiness across multi-location application service projects.

Impact: Sustained ISO-aligned QMS and SOC 2 readiness for healthcare application services across India–USA delivery.**GalaxE Solutions — Senior Lead SQA****Oct 2017 – Jul 2019****Client:** Johnson & Johnson · **Domain:** Healthcare Clinical Data Analytics · Belgium & Bengaluru

- Coached Agile healthcare teams to HIPAA and ISO expectations across release and sprint ceremonies.
- Ran stage-gate assessments and compliance audits on FS, CRs, impact analysis, test reports, and traceability.
- Approved Jira user stories only when mandatory quality subtasks (code review, UT, E2E, defect validation) were complete.
- Presented sprint velocity, acceptance, and quality metrics to leadership for early issue resolution.

Impact: Twice appreciated by customer · Zero escalations · 100% project allocation focus.**Tech Mahindra — Lead SQA****Dec 2014 – Oct 2017****Clients:** Virgin Airlines & GE · **Domains:** Airlines & Infrastructure Management Services

- Owned IMS process consulting and operations analytics: MTTR, same-day closure, ageing, chronic tickets, and CI trends.
- Published engagement performance dashboards covering SLA attainment, rejections, inflow/outflow, and failure modes.
- Validated SOW/MSA deliverables, penalties, and KPIs; planned/executed audits and drove closure of findings.
- Identified hotspots via audits, quality gates, and PMRs; led risk mitigation with delivery managers.

Impact: 100% achievement of 98% priority SLA goal · CSAT 4.7/5 · No NCs across three consecutive quarters.

Aditi Technologies / Symphony Teleca — Lead SQA

Apr 2012 – Nov 2014

Clients: Microsoft & GE · Product Development, Retail & Cloud Services

- Process Consultant / Agile coach for application development across West business line and cross-BU programs.
- Implemented Scrum practices end-to-end; contributed to organization-level Agile process improvements.
- Defined project quality metrics, ran SQA/release audits, and presented monthly Delivery Unit performance to BU heads.
- Planned and closed internal quality audits and non-conformances.

Impact: Avg CSAT 4.5/5 · Zero slippage in monthly/sprint audits · Zero quality escalations YoY · 65% BU training coverage.

Ignis Aerospace & Design Pvt. Ltd. — SQA Analyst

Jun 2010 – Mar 2012

Client: Boeing · Domain: Aerospace · AS9100 Rev C

- Enabled project managers on AS9100 Rev C practices; led PMRs, quality reviews, and phase-end maturity audits.
- Owned GO / NO-GO final delivery reviews and full audit lifecycle including CAPA tracking.
- Coordinated external certification activities with BSI and Bureau Veritas; delivered process training effectiveness checks.

Impact: 90% on-time delivery · Zero customer escalations · Zero major non-compliance in external certification.

RelQ Software / EDS (HP Company) — SQA

Mar 2006 – May 2009

Client: Sony · Domain: Multimedia

- Supported project managers on process implementation; conducted fortnightly SQA reviews and quality review meetings.
- Participated in PMRs, phase-end/delivery audits, internal quality audits, process trainings, and CAPA cycles.

How I Create Value

- **Predictable delivery:** Convert process noise into clear health scores, EWRs, and recovery plans leadership can act on.
- **Audit confidence:** Prepare teams for CMMI L5 and ISO scrutiny with mock audits, clean artefacts, and closed CAPA loops.
- **Customer trust:** Keep CSAT, SIP, and escalation posture visible—and improving—through measurable governance.
